Serger

Can you imagine how easy serging would be if you didn't have to thread the machine? Look no further than the Imagine -- Baby Lock's most popular serger. This advanced home serger includes Jet-Air Threading™, which threads the lower loopers with the touch of a lever and Automatic Thread Delivery™ to thread in any order.

Jet-Air Threading™

Built-in Needle Threader

4/3/2

Thread Serging

No Tension Adjustments

Full-Featured Differential Feed

Imagine a
Sergers With
Loopers That
Are Easy to Thread!

The Imagine features these 10 serger patents

Jet-Air Threading™

With just the touch of a lever, thread is sent through the tubular loopers. There are no thread guides, no struggling and there's plenty of time to serge away!

Automatic Thread Delivery System™

Set the Imagine to the type of stitch you want and get started! The Imagine delivers a balanced stitch on any fabric with any type of thread.

Tubular Loopers

There's no exposed thread, no thread guides and you can thread in any order! Tubular loopers eliminate threading mistakes and protect the thread for more serging freedom.

Looper Drive System

This exclusive system prevents loopers from becoming misaligned or out of time, reducing the possibility of major damage for worry-free serging.

Advanced Knife Driving and One-Way Clutch System

Baby Lock has created a knife system with a larger cutting bite that cuts thicker fabric with ease and increased visibility.

Full Featured Single-Unit Differential Feed

We've taken the differential feed to a new level by adding a single-unit feed dog mechanism. This ensures stronger feeding as well as consistent gathering on all fabrics.

Dial Adjustable Stitch Length and Automatic Rolled Hem

Stitch length can be easily adjusted on a Baby Lock serger using one dial. This dial includes an Automatic Rolled Hem setting that will retract the built-in stitch width finger for a rolled hem finish.

Fabric Support System

Baby Lock's Jet-Air sergers include a Fabric Support System to keep stitches flat and balanced, no matter what speed, fabric or stitch you choose. The built-in stitch fingers actually move with the knife blade, adjusting the seam consecutively with the cutting width.

Vertical Needle Penetration

While most machines use slanted needles that push and damage fabric, the Imagine's needles are set vertically and sew directly up and down, protecting your fabric and preventing needle deflection.

Needle Threading System

This system locks the needle threader in place for quick and easy threading with just the touch of a lever.

Imagine Included Accessories

- Quick reference threading guide
- Foot Control
- Lint brush/needle insert tool
- Two Needle clamp screw
- Package of assorted sized needles
- Medium screwdriver
- Tweezers
- Upper cutting blade for replacement
- Looper threading tool
- Screwdriver
- Machine soft cover
- Mounting bolt with washer (U.S.A. only)
- Four Thread nets
- Four Spool caps
- Four Sponge disks
- Allen wrench
- Four Cone holders

Features and Specifications

Technology Features

- Instant Jet-Air Threading™
- Automatic Thread Delivery System
- Full-Featured Differential Feed:
 - 2 to 1 Ratio – gathering
 - 3 to 4 Ratio – stretching
- 4/3/2 Thread serging
- Exclusive Fabric Support System
- Vertical Needle Penetration

Convenience Features

- Built-in needle threading system
- Electronic foot control
- Snap on multi-purpose presser foot
- Built-in LED light
- Built-in ribbon/tape guide
- Carry handle
- Built-in accessory storage

Advanced Serging Features

- Rolled hemming with 2 or 3 threads
- Flatlock stitching with 2 or 3 threads
- Dial adjustable stitch width: 1.5-7.5mm
- Dial adjustable stitch length: 0.75-4mm
- Dial adjustable built-in rolled hem
- Heavy-duty cutting system
- Side thread cutter
- 1500 stitches per minute
- Presser foot pressure adjustment
