

# BABY LOCK SEWING ACCESSORIES

## Multi-Position Screwdriver

(BLMPD)

### Instructions

The Multi-Position screwdriver can be changed to three different positions, making it extremely useful for the various machine preparations such as changing the needle, removing the presser foot holder, removing the needle plate or even tightening hoops for embroidery.

#### Using the Multi-Position Screwdriver

##### Position "1"

You can install/remove the presser foot holder, needle clamp screw.

LNIS-BLMPD

##### Position "2"

You can install/remove the needle plate.

## Using the Multi-Position Screwdriver

### Position "3"

The multi-position screwdriver can be positioned over the screw on the embroidery frame to tighten the screw after hooping the fabric or when removing the fabric.

**Note:** When rotating the multi-position screwdriver, do not forcefully rotate it in the direction that it does not rotate; otherwise, it may break.

**FOR THE LOVE OF SEWING**
