Soft and Cuddly Baby Sleep Sack

New baby in your family? Make this cute and cuddle sleep sack! This one-piece outfit will be cozy for colder months for your little one. This project uses supersoft cuddle fabric so you can snuggle up all day long!

Skill Level: Beginner

Created by: Diane Kron, Sewing Project Manager

Supplies:

Baby Lock® Joy sewing machine

Butterick pattern #B5583 or similar style

Follow yardage as listed on guide sheet when purchasing Cuddle® from
Shannon fabrics

Madeira® Cotona thread for sewing

90/14 Stretch Needles

Walking foot

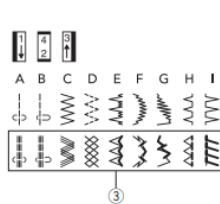

Basic sewing supplies

Instructions:

1) Cut out the pattern pieces for View A Bunting.

Tips:

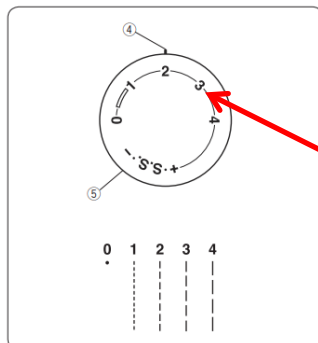

- a) Check nap so that all sections are going in the same direction before cutting.
 - b) Use pattern weights rather than pins for more accurate cuts.
 - c) Keep a portable hand vacuum nearby. Vacuum along cutting lines before moving fabric, being careful not to suck up fabric.
 - d) Use a press cloth if pressing is needed.
- 2) Set up the machine for sewing:
- a) Insert the 90/14 stretch needles.
 - b) Wind a bobbin using the same thread that will be used on the top for sewing.
 - c) Select the straight stitch B setting.

Selecting the Stitch Pattern

Raise the needle to its highest position.

d) Set the stitch length to 3.00mm.

Stitch Length Dial

Turn the stitch length dial to set the desired stitch length number at the setting mark. The higher the number, the longer the stitch.

The "□" mark shows the adjustment range when sewing the buttonhole.

④ Stitch length dial

⑤ Setting mark

- e) Attach the Walking foot. Use a Walking Foot or Even Feed Foot will prevent pleating and shifting of fabric.
- 3) Read the Pattern Guide sheet for sewing information. Use the seam allowance as stated on the pattern guide sheet.
- 4) Follow the guide sheet for assemble of the bunting outfit.

Tips:

- a) Use flower head pins or clips for pinning the sections together. The flower head pins will make it easier to see them so that you don't stitch over a pin. Tip: Do not stitch over the pins. (You could damage your machine or break a needle.)
- b) Engage the "needle down" feature on your machine. If you do not have this feature, turn the wheel on the right side of your machine to put the needle in the fabric. When you stop to adjust the fabric, you can continue stitching.
- c) Use a press cloth if pressing is needed.

- 5) After you outfit has been completed, place in a dryer with a damp wash cloth on low heat for about 10 minutes. This will stop the Cuddle® fabric from shedding.
