Features

Adjustable Height

Adjusts from 68" to 80" to suit your needs.

Precise Lighting

Adjustable shades direct the light where you need it to, when you need it.

Durable Construction

The Baby Lock Light Bar is made of steel for solid, free-standing foundation.

The 5' bar works with the Coronet Frame, while the 10' bar works with larger frames and can be expanded to 12' in length using an additional 2' extension (sold separately).
