

Solaris™ EMBROIDERY AND SEWING UPGRADE I

Get more creative features and accessories for your Solaris embroidery and sewing machine with exciting new embroidery designs, decorative fills and stitches in this must-have software upgrade.

Upgrade Features Include:

10-5/8 x 10-5/8 inches (272mm x 272mm) Hoop

An ideal hoop for the quilter who likes to use even the largest quilting designs possible.

IQ Intuition™ Monitoring

Keep track of your project's progress with this handy feature that alerts your phone when stitching is done. (Smartphone app for download is required).

6 Decorative Embroidery Fills in IQ™ Designer

Expand your IQ™ Designer options with six new gorgeous fill designs. Edit and repeat them for large-scale embroidery or quilt topstitching.

Single or Double Stitch Decorative Fill

Now you can add a second layer of stitches for eye-catching dimension. Select your fill and go from a single stitch to a bolder double stitch.

75 New Decorative Embroidery Designs

Add to Solaris' already impressive design library with 75 additional embroidery designs, including five new large designs for the 10-5/8 x 10-5/8 inches (272mm x 272mm) embroidery hoop.

Enhanced Auto-Split Quilt Borders with 5 New Quilt Border Designs

Create even larger quilt borders and sashing with unmatched precision. We've expanded Solaris' auto-split capabilities to 118 x 118 inches (3 x 3 meters). We've also added five new designs to round out your creative possibilities.
