START YOUR PROJECT WITH THE BEST STABILIZER!

Every project begins with a great idea and the right foundation. This is especially true for embroidery. Stabilizer and Interfacing are just that: solid foundations for your embroidery that provide the stability you need for your design to sew out well and remain intact. Baby Lock stabilizers have been tested by Baby Lock experts to ensure that you'll always see professional results.

You'll love having the same quality in your stabilizer as the machine you embroider with. Visit your local Baby Lock Retailer today to try a Baby Lock stabilizer for yourself – there's a wide selection for virtually every project. No matter what you're embroidering, Baby Lock has created the perfect place for you to start. And with such a wide variety, you'll find just the type and size of stabilizer no matter what your need, including 15" and 20" rolls to use with today's largest hoops and multi-needle machines.

FOR THE LOVE OF SEWING

TEAR AWAY STABILIZERS

STICK-TEAR, TEAR AWAY

BLT102 (12" x 10 yd roll)

BLT102-20 (20" x 10 yd roll)

Medium
Weight: 3.0 oz

This press-on stabilizer is ideal for slick fabrics such as fleece, ultrasuede, velvet and velour, but it can be used with all fabric weights and types. It's incredibly easy to hoop and can also be used on hoopless projects. You can use Stick-Tear, Tear Away for embroidering small items without having to baste the fabric to the stabilizer.

FUSIBLE TEAR AWAY FIRM

BLT105 (12" x 10 yd roll)

Medium
Weight: 1.5 oz

This fusible stabilizer is designed for stitching on paper, Aida cloth, and other craft goods or coated and waterproof fabric. Fusible Tear Away Firm is also ideal for stable fabrics such as denim, corduroy or woven cottons. It provides a sturdy non-stretch foundation for stitch-dense designs, but can be quickly torn away with no "stitch stress."

TEAR AWAY FIRM

BLT103 (12" x 10 yd roll)

BLT103-20 (20" x 10 yd roll)

Medium
Weight: 1.5 oz

This stabilizer is a crafter's best friend. Made for stitching on paper, Aida cloth, and other craft goods or coated and waterproof fabric, Tear Away Firm is also a nice choice for stable fabrics such as denim, corduroy or woven cottons. It provides a sturdy non-stretch foundation for stitch-dense designs, but can be quickly torn away with no stitch stress.

HYDRO HOLD WATER-ACTIVATED

BLT305 (12" x 10 yd roll)

Medium
Weight: 1.5 oz

This stabilizer is designed for high stitch count embroidery designs on lightweight fabrics, wovens and towels. Simply moisten the stabilizer, embroider your design, then re-moisten and tear away the excess stabilizer. This environmentally-friendly adhesive won't leave behind any gummy residue. It holds strong when dry, but can be re-moistened to reposition. This stabilizer should not be used on fabrics that stain when wet.

TEAR AWAY SOFT

BLT104 (12" x 10 yd roll)

BLT104-15 (15" x 10 yd roll)

Heavy
Weight: 1.8 oz

This versatile stabilizer provides the support of a cut-away stabilizer, but the ease of tear-away removal and a wash-and-wear softness. This stabilizer is ideal for fleece, lighter knits, and heavier fabrics like denim and corduroy. It is stable and dense enough for full-front designs, caps and robes. The multi-directional foundation of Tear Away Soft allows it to tear away cleanly.

RINSE-AWAY, TEAR AWAY

BLT110 (12" x 10 yd roll)

BLT110-15 (12" x 10 yd roll)

Medium
Weight: 1.5 oz

For projects with light-to-medium stitch counts and light fabrics like silk or cotton, this stabilizer will prevent puckering, tunneling and distortion. This is also a smart choice for embroidering on fabric and towels. It includes the best of both worlds – incredible stability while designing, with no leftover bulk. After you finish your project, easily tear away the excess stabilizer and launder to remove the rest.

CUT AWAY STABILIZERS

CUT AWAY SOFT

BLC201 - White (12" x 10 yd roll)
BLC201-15 - White (15" x 10 yd roll)
BLC201-20 - White (20" x 10 yd roll)
BLC202 - Black (12" x 10 yd roll)

Medium
Weight: 2.0 oz

This stabilizer is soft, yet maintains the support needed for cut-away projects. It is perfect for use on most wovens and knits, as well as any specialty fabrics. Cut-Away Soft is sturdy enough for hard-to-hoop projects like sleeves and pant legs, and provides an excellent base for light to heavy stitch counts.

NO-SHOW MESH

BLC301 - White (12" x 10 yd roll)
BLC301-20 - White (20" x 10 yd roll)
BLC302 - Black (12" x 10 yd roll)
BLC303 - Beige (12" x 10 yd roll)

Medium
Weight: 1.5 oz

This soft, translucent stabilizer is perfect for lightweight knits, sheer fabrics and blouses. No-Show Mesh can be used for quilt or appliqué pattern transfer. It is permanent and was designed for single-layer application.

CUT AWAY SOFT

BLC203 - White (12" x 10 yd roll)

Extra Heavy
Weight: 2.5 oz

Soft yet supportive, this stabilizer works well with medium to heavyweight fabrics such as knits, fleece, and sweaters, as well as home decorating projects. Cut-Away Soft won't wash or tear out, so it gives continuous support to designs. It provides a stable non-stretch foundation but remains flexible and soft enough for projects like garments and blankets, so it won't scratch or irritate skin.

NO-SHOW MESH FUSIBLE

BLC304 - White (12" x 10 yd roll)
BLC304-20 - White (12" x 10 yd roll)
BLC305 - Black (12" x 10 yd roll)
BLC306 - Beige (12" x 10 yd roll)

Medium
Weight: 1.5 oz

This translucent stabilizer is ideal for covering the back of embroidery on light- to medium-weight stretch and woven fabrics. It is sheer enough to eliminate the backing shadow, while still protecting skin from scratches. This is a great choice for collars and cuffs. Simply adhere it to your fabric with a dry iron, embroider, then cut away the excess stabilizer around the design.

SUPER STABLE

BLC205 (12" x 10 yd roll)

Extra Heavy
Weight: 3.0 oz

This incredibly dense stabilizer is suited for home furnishing projects that support more than just the embroidery. It is also ideal for medium to heavyweight fabrics such as knits, fleece and sweaters. Super Stable is permanent, meaning it won't wash or tear out. It is flexible, yet provides a stable non-stretch foundation.

SOFT STITCH FUSIBLE STITCH COVER UP

BLC601 (8" x 5 yd roll)

Light
Weight: N/A

This stabilizer is ideal for covering the back of finished embroidery to prevent scratching the skin. Make any embroidery project comfortable to wear, including children's clothing and those with sensitive skin.

FUSIBLE APPLIQUÉ

BLEX-1112 (11" x 5 yd roll)

Medium
Weight: 2.5 oz

Fusible Appliqué is a two-sided fusible stabilizer. One side irons to your appliqué fabric and the other side sticks to your project. Works with most household printers. Print onto the paper backing side to easily cut out your appliqué shapes.

WASH AWAY STABILIZERS

HYDRO MELT TOPPING

BLS400 - Clear (12" x 11 yd roll)

BLS400-20 - Clear (20" x 10 yd roll)

Lightweight Film

This is the perfect topping for projects that use high pile fabrics such as fleece, terry cloth and knits. It creates a smooth embroidery surface so stitches won't sink into your fabric, giving a crisp definition and detail to your work. Hydro Melt dissolves in water, so it should only be used on projects that don't stain when wet. You can easily remove the stabilizer with a damp cloth or sponge. If you are using a steamer or iron, do not let it come into direct contact with the Hydro Melt.

DISSOLVE-AWAY MESH

SELF-ADHESIVE

BLS503 (12" x 10 yd roll)

Lightweight
Weight: 1.2 oz

Like Dissolve-Away Mesh, this self-adhesive stabilizer will dissolve completely in water, giving you stability while embroidering without leaving anything behind. Dissolve-Away Mesh Self-Adhesive includes an adhesive backing for easy application to your fabric. When you are finished with your embroidery, remove the excess stabilizer and wash away the rest. Store the unused stabilizer in a dry, airtight container or bag.

DISSOLVE-AWAY MESH

BLS500 (12" x 25 yd roll)

BLS500-20 (20" x 10 yd roll)

Medium

Weight: 1.2 oz

Dissolve-Away stabilizer is temporary and dissolves completely in water without leaving any residue. It's perfect for lace, appliqué, emblems or any application that needs stability but absolutely no stabilizer remaining. Dissolve-Away Mesh will prevent puckering, tunneling and distortion while stitching. After embroidering, gently remove the remaining stabilizer. The rest will wash away. Store unused stabilizer in a dry, airtight container.

PRESS AWAY STABILIZERS

PRESS-AWAY TOPPING

Lightweight Film

BLP-FILM - Clear (8" x 10 yd roll)

Press-Away Topping is a temporary stabilizer that dissolves when pressed with a hot, dry iron. It's used during the application process to provide stability to stitches, which helps prevent puckering, tunneling and distortion. Press-Away topping is perfect for applications that need stability but absolutely no stabilizer remaining.

INTERFACING

SHAPE-FLEX™

Extra Heavy
1/8" Thick

BLFF1510 - White (15" x 3 yd roll)

This exclusive cut-away interfacing is used for items that need continuous stability and shape, such as collars, home décor and crafts. Shape-Flex is easy to cut, mark and sew. It can be used as a dense heavyweight stabilizer for sewing and can even be painted. Shape-Flex is permanent and remains supportive during laundering – it will not wash or tear out. After embroidering, simply cut the fabric and interfacing to the size and shape you need.

ULTRA SOFT FUSIBLE

BLC204 - White (20" x 5 yd roll)

Heavy
Weight: 3.5 oz

This pliable stabilizer is ideal as soft backing for embroidery or as a light interfacing. Embroider on items requiring a soft back, especially knit and woven fabrics. Adds a bit of firmness, giving shape to items without adding bulk. Easily peels away with light ironing.

SOFT STITCH FUSIBLE STITCH COVER UP

BLC601 (8" x 5 yd roll)

Light
Weight: N/A

This stabilizer is ideal for covering the back of finished embroidery to prevent scratching the skin. Make any embroidery project comfortable to wear, including children's clothing and those with sensitive skin.
